UTA Truck Lease

Part of the PEAC Finance network

Shaping the future together

Five new trucks for deployment in Poland, a special vehicle for a new chemical industry customer, a replacement for a truck with engine failure – all needed yesterday, if not sooner.

We understand your business as an SME operating in the transport and logistics sector and we know the challenges you face on a daily basis. UTA Truck Lease offers customised financing options that allow an agile response to changing circumstances.

When it comes to the future of your company, we're right by your side.

We keep things **moving**

UTA Truck Lease offers customised financing solutions for new and used commercial vehicles, both in Germany and across Europe. As experts in the transport and logistics sector, we provide supportive, solution-oriented advice backed by the necessary industry knowledge, and without being tied to any particular manufacturer.

Whether hire purchase or leasing, we can provide finance for up to 100% of the value of the asset. The benefits are compelling: your capital is not tied up, your credit lines are unaffected and your liquidity remains high. By providing a range of financing options and flexible solutions, we keep your fleet moving.

Quick decisions and efficient processes are all part of our service, as is offering you the right insurance quote for your new vehicle or entire fleet.

Solutions

that meet your needs

Decide for yourself which financing model suits your company best. Choose between leasing and hire purchase, short term and long term, low or high rental payments. Is your business seasonal? You can agree a corresponding payment schedule. We also offer individual options for early termination.

Your needs define the parameters – we then work with you to develop an appropriate finance solution.

Comprehensive advice

We believe that advising customers involves much more than just a phone call. That's why your contact person will be happy to attend a face-to-face meeting with you. Take advantage of our in-depth industry knowledge and independent status.

Fast decisions

You don't keep your customers waiting, and neither do we. UTA Truck Lease prides itself on fast decision-making with rapid implementation and delivery.

Financial freedom

We can provide finance for up to 100% of the value of the asset. Our customised contracts deliver the financial flexibility you need when making major business decisions.

Long-term partners

We have maintained trusted relationships with many of our customers for decades, in line with a philosophy based on partnership, commitment and personal service.

UTA Truck Lease GmbH is part of the PEAC Finance network. It acquires financing customers for commercial vehicles and similar assets on behalf of the Group and acts as the intermediary.
